

## Rap1GAP rabbit pAb antibody

| Catalog No :          | Source:  | Concentration : | Mol.Wt. (kD): |
|-----------------------|--|-----------------|---------------|
| A20572                | Rabbit   | 1 mg/ml         | 73 kD         |
| Applications          | WB,ELISA   |                 |               |
| Reactivity            | Human,Rat,Mouse  |                 |               |
| Dilution              | WB 1:500-2000 ELISA 1:5000-20000   |                 |               |
| Storage               | -20°C/1 year   |                 |               |
| Specificity           | RAP1B Polyclonal Antibody detects endogenous levels of protein.  |                 |               |
| Source / Purification | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.  |                 |               |
| Immunogen             | Synthesized peptide derived from human protein . at AA range: 110-190  |                 |               |
| Uniprot No            | P61224   |                 |               |
| Alternative names     |  |                 |               |
| Form                  | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.   |                 |               |
| Clonality             | Polyclonal   |                 |               |
| Isotype               |  |                 |               |
| Conjugation           |  |                 |               |
| Background            | RAP1B, member of RAS oncogene family(RAP1B) Homo sapiens This gene encodes a member of the RAS-like small GTP-binding protein superfamily. Members of this family regulate multiple cellular processes including cell adhesion and growth and differenti |                 |               |
| Other                 | Gene_name: RAP1B OK/SW-cl.11 ; Protein_name: Ras-related protein Rap-1b (GTP-binding protein smg p21B); Expression: Amygdala,Brain,Chondrosarcoma,Colon adenocarcinoma,Placenta,Platele  |                 |               |
