| A11260                       | Rabbit                                                                                                                                                                                                                                                    | 1 mg/ml         | 48 kD         |
| <b>Applications</b>          | WB,ELISA                                                                                                                                                                                                                                                  |                 |               |
| <b>Reactivity</b>            | Human,Mouse,Rat                                                                                                                                                                                                                                           |                 |               |
| <b>Dilution</b>              | WB 1:500-2000, ELISA 1:10000-20000                                                                                                                                                                                                                        |                 |               |
| <b>Storage</b>               | -20°C/1 year                                                                                                                                                                                                                                              |                 |               |
| <b>Specificity</b>           | BMP-10 Polyclonal Antibody detects endogenous levels of BMP-10                                                                                                                                                                                            |                 |               |
| <b>Source / Purification</b> | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                                     |                 |               |
| <b>Immunogen</b>             | Synthesized peptide derived from BMP-10 at AA range: 361-410                                                                                                                                                                                              |                 |               |
| <b>Uniprot No</b>            | O95393                                                                                                                                                                                                                                                    |                 |               |
| <b>Alternative names</b>     | bone morphogenetic protein 10                                                                                                                                                                                                                             |                 |               |
| <b>Form</b>                  | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                                   |                 |               |
| <b>Clonality</b>             | Polyclonal                                                                                                                                                                                                                                                |                 |               |
| <b>Isotype</b>               |                                                                                                                                                                                                                                                           |                 |               |
| <b>Conjugation</b>           |                                                                                                                                                                                                                                                           |                 |               |
| <b>Background</b>            | bone morphogenetic protein 10(BMP10) Homo sapiens This gene encodes a secreted ligand of the TGF-beta (transforming growth factor-beta) superfamily of proteins. Ligands of this family bind various TGF-beta receptors leading to recruitment and activa |                 |               |
| <b>Other</b>                 | Gene_name: BMP10 ; Protein_name: BMP-10; Expression: Cerebellum,                                                                                                                                                                                          |                 |               |
